While the United States government requires proof of funding for only one year of study, IIT asks students and their sponsors to prepare a financial plan for the entirety of their academic program. Using this worksheet, please document the funding that you expect to receive from the following sources for the duration of your studies. Please use the estimated cost of \$56,139.00 USD on page one as a guideline when completing this document. This portion is for IIT's use only and is separate from the Financial Affidavit of Support, which is still required to obtain an F-1 visa to study in the United States.
